£40 for a specific, named event

Valid for 3 months

Number of named members: 2

The Scrap Space: Membership Information

Membership Benefits

Access to free and low cost reclaimed materials from The Scrap Space.

Additional benefits which may be varied from time to time include priority booking of activities and reduced cost of activities at The Circular Space.

Membership Conditions

Membership is not transferable and only members named on a membership card may use that card. To take scrap, proof of membership must be shown (eg membership card) and if requested, ID shown (eg debit card). The name on the ID must match the member's name on our records. Named members must be at least 12 years old.

Scrap taken must not be resold in an unchanged condition. (Incorporating into other items for sale is fine.)

Some scrap may have restrictions on quantities that may be taken, which may vary over time, and/or a price or suggested top up donation amount which may vary over time (including between free and priced). This will depend on factors such as demand, storage space and seasonality and cannot necessarily be predicted in advance.

What you see is what you get with the scrap and it constantly changes! We will do our best to regularly post photos of the scrap currently on offer at 'The Scrap Space' on Facebook or Instagram so you can have a peak before coming in. Scrap items are first come first served with in person visits and we cannot put anything aside.

Anyone found to be in breach of the membership conditions will have their membership terminated.

Payment of a membership fee constitutes agreement with these membership conditions.

Non members can browse The Scrap Space, donate scrap, attend activities at The Circular Space and purchase refreshments.

About The Scrap Space

The Scrap Space is part of The Circular Space community creative reuse hub in Shoreham-by-Sea, which also contains The Activity Space where related activity sessions for all ages are run. This is all run by Over the Moon Shoreham C.I.C.

The Scrap Space is staffed by volunteers and membership fees help cover the running costs of The Circular Space.

More information about The Scrap Space, including opening hours and a map of how to get there can be found at:
